

Dual Credit Course Offerings  
 Spring 2024  
 Winthrop University & Lancaster County School District

**How many classes can I take?**

Students can enroll in up to 10 credit hours per semester

- 1-4 credit hours: \$495
- 5-8 credit hours: \$990
- 9-10 credit hours: \$1495

o Dual Credit program fee doesn't include cost of textbooks, parking pass or lab fee.

**When are classes offered?**

- Students can take classes on Winthrop's campus or online. Online asynchronous courses will be completed via Winthrop's Learning Management System, Blackboard.
- For on-campus courses, look under the "course times and instructional styles" column. You will see a section number, day(s) of week and time.
  - o M: Monday, T: Tuesday, W: Wednesday, R: Thursday, F: Friday

	WU Course	Description of Course	Course times and instructional styles	Credit Hours
1	ACCT 280: Introduction to Financial Accounting  (6730)	Description: This course develops the knowledge and skills necessary to analyze, interpret, and use financial accounting data. Topics include an overview of the financial accounting process, fundamental reporting requirements, and financial statement analysis. Prerequisites: C- or better in MATH 150, 151, 101, 105, or 201. Notes: Offered in fall, spring and summer. MATH 150 is insufficient to progress to ACCT 281.	<u>On Campus:</u> 002 -MW 12:30-1:45pm  <u>Online:</u> 001	3 credit hours
2	ACCT 281: Introduction to	Description: This course provides an introduction to the	<u>On campus:</u> 002-TR 12:30-1:45pm	3 credit hours

	Managerial Accounting (6731)	use of accounting information by managers to plan, control, and make decisions. Topics include cost accounting systems, cost-volume-profit analysis, budgetary planning, incremental analysis, and pricing. Notes: Offered in fall, spring and summer. Prerequisites: C- or better in CSCI 101B or 101E, ACCT 280 and MATH 151, 101, 105, or 201.	<u>Online-</u> 001	
3	ANTH 101: Introduction to Human Diversity (4389)	Description: An exploration of past and present cultures throughout the world with a specific focus on the evolution of the human species, human societies, and social institutions like economics, politics, religion, and the family. Notes: Introduction to the four subfields of anthropology and an anthropological approach to understanding the world. Offered in fall and spring.	<u>Online:</u> 001 002	3 credit hours
4	ANTH 201: Introduction to Cultural Anthropology (4395)	Description: An exploration of cultures throughout the world stressing variability in family, political and economic patterns, religion and world view. Notes: Offered in fall and spring. Global perspective, Social Science	<u>On Campus:</u> 003-TR 12:30-1:45pm <u>Online:</u> 005	3 credit hours
5	ARTH 175: Introduction to Art History from Prehistory through the Middle Ages (3509)	Description: Survey of art and architecture in the major civilizations of Egypt, the Ancient Near East, Greece, Rome, Byzantium, Medieval Europe, India, China, Japan, and Africa. Notes: Offered in fall and spring.	<u>On-campus:</u> 001-TR 3:30-4:45pm 002- TR 3:30-4:45pm <u>Online-asynchronous</u> 003, 004	3 credit hours
6	ARTH 176: Introduction to Art History from the Renaissance to the Present (3510)	Description: Survey of art and architecture in Western Civilizations, from the Renaissance to the present. Notes: Offered in fall and spring.	<u>On campus:</u> 001-MW 2:00-3:15pm <u>Online:</u> 002	3 credit hours
7	BIOL 150: Elements of Living Systems and BIOL 151: Elements of Living Systems Lab (3228)	Description: A course for non-science majors that introduces the unifying principles of biology. The course will cover various levels of organization from molecules to ecosystems. Topics include ecology, energy use and acquisition, biodiversity, evolution, genetics and cells. Notes: Offered in fall, spring and summer.	<u>BIOL 150: On-campus-</u> 002-MWF 10:00-10:50am 003-MW 2:00-3:15pm 004-TR 9:30am-10:45am 006-TR 12:30-1:45pm <u>BIOL 150: Online</u> 001 005	4 credit hours

	*Will select a time for your lecture (BIOL 150) and a time for your lab (BIOL 151)		<u>BIOL 151: On-Campus</u> 001-MW 9:30-10:45am 002-MW 11:00-12:15pm 003-MW 9:30-10:45am 004-TR 12:30-1:45pm 005-TR 2:00-3:15pm 006-MW 3:30-4:45pm 007-TR 9:30-10:45am 008-TR 9:30-10:45am	
8	BIOL 220: Principles of Cell and Molecular Biology.  BIOL 222: Laboratory  *pick a lab and lecture time (3230)	Description: An examination of core concepts in biology that focuses on the molecular basis of life, genetic principles, and fundamental cellular processes that underlie all forms of life and all levels of biological organization. Co-requisite: BIOL 222 or BIOL 270. Notes: Offered in fall, spring, and summer.	<u>On-campus lecture:</u> 001-TR 12:30-1:45pm 002-MW 12:30-1:45pm  <u>On-campus Lab:</u> 001-R 2:00-4:45pm 002-W 9:00-11:45am 003-F 9:00-11:45am	4 credit hours
9	BADM 180: Business Careers and Professional Development  (6700)	Description: An introduction to business careers and the tools needed to obtain internships and jobs in those specific fields. Professional development and financial literacy is incorporated. This course will serve as a foundation for a student's business education. Notes: Lab Fee: \$20. Offered in fall, spring, and summer.	<u>On-Campus:</u> 001-MW 9:30-10:45am 002-MW 11:00-12:15pm <u>Online:</u> 003	3 credit hours
10	CHEM 105: General Chemistry  (4236)	Description: An introductory chemistry course for those who intend to major in the sciences. Four lecture hours and one recitation per week. Notes: Lab Fee: \$10. Offered in fall, spring and summer. Prerequisites: Department Placement into CHEM105 or completion of CHEM104 with a grade of C or above.	Not offered in the Spring 2024 semester	4 credit hours
11	CHEM 104: Chemistry and Problem-Solving Fundamentals	CHEM 104- Description: Preparation for the study of General Chemistry through emphasis on problem-solving strategies, on application of chemical principles, and on substantive student practice in solving multi-concept problems. Content includes matter and energy, modern atomic structure; chemical equations and reaction stoichiometry; solutions; acid-base, redox and precipitation reactions; factor-label techniques; gases; and chemical	Not offered in the Spring 2024 semester	3 credit hours

15	ECON 216: Principles of Macroeconomics (3357)	Description: Analysis of macroeconomic topics including the factors affecting economic growth, inflation and unemployment. Prerequisites: ECON 215.	<u>On-campus:</u> 001-MW 3:30-4:45pm <u>Online asynchronous:</u> 002	3 credit hours
16	ENGL 208: Foundations of World Literature (3017)	Description: A survey of representative foundational major works and authors that characterize earlier world literature, including the Ancient, Medieval, and Renaissance periods, and chronologically comparable non-Western works. Notes: Offered in fall, spring and summer. Prerequisites: WRIT 101.	Not offered in the Spring 2024 semester	3 credit hours
17	ENGL 211: Major American Authors (3019)	Description: Study of the major periods, literary forms, and issues that characterize American literature, with a consideration of representative major works and authors over the course of American literary history. Prerequisite(s): WRIT 101. Notes: Offered in fall, spring and summer.	<u>On-Campus:</u> 001-TR 12:30-1:45pm	3 credit hours
18	ENGL 312: African American Literature (4032)	Description: Chronological survey of the writings of African Americans with emphasis on contemporary writers. Notes: Cross-listed with AAMS 318. Offered in spring. Prerequisites: ENGL 211, or AAMS 300, or permission of the instructor.	Not offered in the Spring 2024 semester	3 credit hours
19	FREN 101: Elementary French (3617)	Description: This is an introductory course intended for students who have not studied French previously. This course emphasizes the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Students with previous study of French should take the departmental placement test before enrolling in this course.	<u>On-campus:</u> 001-MW 9:30-10:45am	4 credit hours
20	FREN 102: Elementary French II (3618)	Description: This course builds on French 101. There is continued emphasis on the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Completion of French 101 or equivalent with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.	<u>On-campus:</u> 001-TR 9:30-10:45am	4 credit hours
21	FREN 201: Intermediate French I	This course continues to stress development of listening, speaking, reading and writing skills. Special attention	Not offered in the Spring 2024 semester	3 credit hours

	(3619)	is paid to more complex grammatical items such as the subjunctive, contrary-to-fact statements, and relative clauses. Notes: Lab Fee: \$20. Offered in fall and spring. Prerequisites: Completion of FREN 102 with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.		
22	HCMT 200: Introduction to Health Care Management	Description: Review of the current and historical social, political, and scientific factors that influence the US Health Care System. Students are introduced to the structure, organization, financing, utilization, and history of health and medical care services in the United States. International and US health trends are reviewed. Course meets social science requirement for General Education Requirements. Notes: Offered in fall and spring	<u>On-campus:</u> 001-TR 2:00-3:15	3 credit hours
23	HIST 112: World Civilizations from 950-1750 (3323)	Description: A survey of major civilizations of the world from about 950 to about 1750. Notes: Offered in fall, spring and summer.	<u>On campus:</u> 001-TR 12:30-1:45pm 002-TR 9:30-10:45am	3 credit hours
24	HIST 113: World Civilizations since 1750 (3324)	Description: A survey of political, diplomatic, economic, social, intellectual and ethnic developments through Reconstruction with attention to development of the Federal Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-MW 12:30-1:45pm  <u>Online asynchronous:</u> 002	3 credit hours
25	HIST 211: United States History to 1877 (3321)	Description: A survey of political, diplomatic, economic, social, intellectual and ethnic developments through Reconstruction with attention to development of the Federal Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001- MW 2:00-3:15pm 002-MW 12:30-1:45pm 004-TR 2:00-3:15pm	3 credit hours
26	HIST 212: United States History since 1877 (3322)	Description: A survey of political, diplomatic, economic, social, intellectual and ethnic developments since Reconstruction with attention to development of the Federal Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-TR 9:30-10:45am 002-MWF 9:00-9:50am 003-MWF 10:00-10:50am 005-MW 2:00-3:15pm	3 credit hours
27	NUTR 221: Nutrition (3285)	Description: Basic nutrition concepts applied to the needs of individuals, families and communities. Notes: Lab Fee: \$10. Offered in fall, spring and summer.	<u>On-campus:</u> 003- MW 8:00-9:15am  <u>Online asynchronous:</u> 001, 002	3 credit hours

28	MCOM 205: Introduction to Mass Communications  (3064)	Description: Introduction to the major fields of mass communication with emphasis on advertising, broadcasting, newspapers, magazines, and public relations, and the history of each. Notes: Offered in fall and spring.	<u>On-Campus:</u> 001-MW 12:30-1:45pm	3 credit hours
29	MATH 151: Applied College Algebra  (4133)	Description: A study of the algebraic skills needed to perform computations in applied settings. Topics include: equations, inequalities, functions, graphs, and financial mathematics. Notes: Lab Fee: \$15. Offered fall, spring and summer.	<u>On-campus:</u> 002-MW 5:00-6:15pm  <u>Online asynchronous:</u> 001, 004	3 credit hours
30	MATH 101: Algebra and Trigonometry for Calculus  (9100)	The study of algebraic and trigonometric skills needed for single variable calculus. Topics include equations, graphs, polynomial and rational functions, exponential and logarithmic functions, and trigonometry. Notes: Lab Fee: \$15. Credit will not be allowed for MATH 101 and MATH 104. Offered in fall, spring, and as needed in summer. Prerequisites: Satisfactory score on Mathematics placement exam or a C- or better in MATH 151.	<u>On-campus:</u> 001-TR 12:30-1:45pm	3 credit hours
31	MATH 201: Calculus I  (4145)	Techniques of differentiation, graphing, maximum/minimum, related rate problems, definite integrals, the fundamental theorem of calculus, logarithmic functions, exponential functions, and other transcendental functions. Notes: Lab Fee: \$15. Credit will not be allowed for MATH 105 and MATH 201. Offered in fall, spring and as needed in summer. Prerequisites: A grade of C- or better in MATH 101 or satisfactory score on Mathematics Department Placement Test. Corequisites: Math 104. A grade of C- or better in MATH 101, or a satisfactory score on the trigonometry portion of the Mathematics Department Placement Test, replaces this corequisite.	<u>On-campus:</u> 001-MWF 9:30-10:45am	4 credit hours
32	MGMT 200: Introduction to International Business	This course reviews the principles, tools, processes and practices used by managers to understand international markets, cultures, economies and political environments, as well as to manage their organizations to achieve competitive	Not offered in the Spring 2024 semester	3 credit hours

		<p>advantage and superior performance in an international setting. Topics covered include: globalization, country differences (political, economic, legal, and cultural), global trade and investment, global monetary systems, strategy and structure of international businesses, and international business operations and practice</p>		
33	<p>MUST 101: Basic Musicianship (4588)</p>	<p>Description: An introduction to and application of the basic elements of music with study of durational and pitch-related concepts through visual and aural means. May not count toward a music degree. Notes: Offered in fall and spring</p>	<p>Not offered in the Spring 2024 semester</p>	<p>2 credit hours</p>
34	<p>MUST 111: Music Theory I (9523)</p>	<p>Description: An introduction to the basic concepts of music theory and the materials of music. Written and analytical applications. Notes: Offered in fall and spring. Prerequisites: Passing score on the Music Theory Entrance Examination or successful completion of MUST 101.</p>	<p>Not offered in the Spring 2024 semester</p>	<p>3 credit hours</p>
35	<p>PHIL 101: Introduction to Philosophy (3390)</p>	<p>Description: Overview of the major areas of philosophic inquiry including the nature of reality, of the human self, of moral value, and of knowledge of God's existence. Notes: Offered every semester.</p>	<p><u>On-campus:</u> 002-MW 11:00-12:15pm  <u>Online:</u> 001</p>	<p>3 credit hours</p>
36	<p>PHIL 220: Logic and Language</p>	<p>Description: Introduction to classical and contemporary logic with special emphasis upon the nature of language used in reasoning and argumentation. Notes: Offered every semester.</p>	<p><u>On-Campus:</u> 001-MW 12:30-1:45pm</p>	<p>3 credit hours</p>
37	<p>PHIL 230: Contemporary Moral Problems (9355)</p>	<p>Description: Hate-speech, sex, and terrorism are some of the interesting topics we explore as we evaluate the moral standards of Western society. Others might include abortion, human cloning, animal rights, drug legalization, world hunger, or capital punishment. This introduction to practical ethics introduces a few primary ethical theories in order to better appreciate the justifications offered in our readings. Notes: Offered periodically.</p>	<p>Not offered in the Spring 2024 semester</p>	<p>3 credit hours</p>

38	PHYS 201 General Physics I (3247)	Description: Basic concepts and principles of physics, including mechanics, heat, sound, electricity, magnetism, and optics. Notes: A student may not receive credit for both PHYS 201 and 211 and for both PHYS 202 and 212. Offered in fall. Prerequisites: Completion of General Education Quantitative Skills requirement with a grade of C or above	Not offered in the Spring 2024 semester	4 credit hours
39	PLSC 201: American Government (3331)	Description: National governmental institutions and the political processes which shape public policy. Meets state requirements for course on the U.S. Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-MW 2:00-3:15pm 002-MW 11:00-12:15pm 003-MW 12:30-1:45pm 004-TR 9:30-10:45am 005-TR 12:30-1:45pm  <u>Online asynchronous:</u> 007 006	3 credit hours
40	PLSC 202 State and Local Government (4372)	Description: A comparative study of the structure and functions of state and local government institutions and political processes. Notes: Offered in fall and spring.	Not offered in the Spring 2024 semester	3 credit hours
41	PLSC 207: Comparative Politics (4376)	Description: An introduction to the discipline of comparative politics. The course will explore the theoretical components of governments of the world and will prepare students for upper-level area studies.	Not offered in the Spring 2024 semester	3 credit hours
42	PSYC 101: General Psychology (3371)	Description: A survey of the major areas of psychological science. Core topics include human social behavior, personality, psychological disorders and treatment, learning, memory, emotion, motivation, human development, biological influences, and research methods. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-MW 8:00-9:15am 002-TR 2:00-3:15pm 003-TR 5:00-6:15pm	3 credit hours
43	PSYC 206: Developmental Psychology (4303)	Description: A survey course of theory and research examining stability and change associated with development across the lifespan. Conception, infancy, childhood, adolescence, adulthood, and death will be examined. Offered fall, spring and summer. Prerequisites: PSYC 101.	<u>On-campus:</u> 001-TR 12:30-1:45pm	3 credit hours

44	PSYC 213: Abnormal Psychology (3344)	Description: Introduction to the disorders of behavior. Prerequisite: PSYC 101. Notes: Offered in fall and spring.	<u>On-campus:</u> 002-TR 3:30-4:45pm	3 credit hours
45	SCWK 200: Introduction to Social Work	Description: Introductory study designed to provide students an overall picture of the nature, philosophy, and goals of professional social work practice. Notes: Offered in fall and spring.	<u>On-campus:</u> 001-TR 9:30-10:45am	3 credit hours
46	SOCL 201: Principles of Sociology (3347)	Description: Introduction to the perspectives, approaches and basic concepts used in the sociological study of human social behavior. Notes: Offered in fall and spring.	<u>Online asynchronous:</u> 001	3 credit hours
47	SOCL 213: Introduction to Social Inequalities (3348)	Description: Study of systemic inequalities in societies, especially the U.S., and its effect on opportunities, style-of-life, and interaction. Taught from an intersectional perspective with a particular focus on race, class, and gender. Notes: Offered in fall.	Not offered in the Spring 2024 semester	3 credit hours
48	SOCL 227: Introduction to Criminal Justice Systems	Description: Introduction to the development and current organization and operation of the responses of police, courts, and correctional agencies to criminal and juvenile offenders. Notes: Offered in fall and spring.	<u>Hybrid:</u> 001-R 5:00-6:15pm	3 credit hours
49	SOCL 305: Marriage and the Family (4318)	Description: Study of relationships, marriage, and marital adjustment, focusing on gender and gender roles as applied to social life, relationships and marriage. Sexuality, child-rearing, divorce and changes in family structure are also core materials in this course. Notes: Cross-listed with WMST 305. Offered variable terms. Prerequisites: SOCL101 or SOCL201 or WMST 300 or permission of instructor.	Not offered in the Spring 2024 semester	3 credit hours
50	SOCL 325: Criminology (4320)	Description: Critical analysis of the extent, patterns, and causes of major types of crime and delinquency. Notes: Offered in fall and spring. Prerequisites: SOCL 101 or 201.	<u>On-campus:</u> 001-MW 11:00-12:15pm	3 credit hours
51	SPAN 101: Elementary Spanish I (3657)	This is an introductory course intended for students who have not studied Spanish previously. This course emphasizes the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: None. Students with previous	<u>On-campus:</u> 001-MTWR 9:30-10:45am 002-MTWR 2:00-2:50pm 003-MTWR 3:30-4:20pm	4 credit hours

		study of Spanish should take the departmental placement test before enrolling in this course.		
52	SPAN 102: Elementary Spanish II (3658)	This course builds on Spanish 101. There is continued emphasis on the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Completion of Spanish 101 or equivalent with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.	<u>On-campus:</u> 001-MTWR 2:00-2:50pm 002-MTWR 10:00-10:50am 003-MTWR 3:30-4:20pm 004-TR 5:00-6:40pm 005-MTWR 9:00-9:50am	4 credit hours
53	SPAN 201: Intermediate Spanish (3659)	This course continues to stress development of listening, speaking, reading and writing skills. Special attention is paid to more complex grammatical items such as the subjunctive, contrary-to-fact statements, and relative clauses. Notes: Lab Fee: \$20. Offered in fall and spring. Prerequisites: Completion of SPAN 102 with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.	<u>On campus:</u> 001-MW 3:30-4:45pm	3 credit hours
54	SPCH 201: Public Speaking (3045)	Description: An introduction to principles and procedures of speech communication with emphasis on speech preparation, delivery, and evaluation. Notes: Lab Fee: \$5. Intensive Oral Communication course. Offered in fall, spring and summer.	<u>Online asynchronous:</u> 001, 002, 004, 006  <u>Hybrid:</u> 007-MW 2:00-3:15pm 008-MW 3:30-4:45pm	3 credit hours
55	RELG 101: Introduction to Religion (3333)	Examination of the varying concepts of religion and the methods used in studying religious behavior and belief. Notes: Usually, offered every semester.	<u>On-Campus:</u> 002-TR 9:30-10:45am  <u>Online asynchronous:</u> 001	3 credit hours
56	WRIT 101: Introduction to Academic Discourse (3015)	Description: Introduces students to college-level, thesis-driven, research-based writing. Focus on planning, organizing, and developing persuasive essays through the critical reading of mature prose texts. Emphasis on mastery of MLA documentation format and proper integration of source material. Notes: Offered in fall and spring. A grade of C- or better is required. Lab Fee: \$5	<u>On-campus:</u> 001-TR 9:30-10:45am 002-TR 12:30-1:45pm 004-MW 3:30-4:45pm 006-MWF 8:00-8:50am  <u>Online asynchronous:</u> 003, 005	3 credit hours
57	WRIT 201: Creative Writing (3031)	Description: Various special topics and trends at the introductory level in creative writing and writing studies. Several different topics may be offered in a single	Not offered in the Spring 2024 semester	3 credit hours

		<p>semester. Students may count 3 hours of WRIT 200 toward the major. Prerequisite: WRIT 101. Notes: Course may be repeated for a total of 6 credits. BA-ENGL majors may count 3 hours of WRIT 200 toward the major. Students may take this course more than once only if course covers different subject matter and/or format. Offered periodically.</p>
