

Dual Credit Course Offerings
Spring 2024
Winthrop University & Legion Collegiate Academy

How many classes can I take?

Students can enroll in up to 10 credit hours per semester

- 1-4 credit hours: \$495
- 5-8 credit hours: \$990
- 9-10 credit hours: \$1495
 - Dual Credit program fee doesn't include cost of textbooks, parking pass or lab fee.

When are classes offered?

- Students can take classes on Winthrop's campus or online. Online asynchronous courses will be completed via Winthrop's Learning Management System, Blackboard.
- For on-campus courses, look under the "course times and instructional styles" column. You will see a section number, day(s) of week and time.
 - M: Monday, T: Tuesday, W: Wednesday, R: Thursday, F: Friday

	WU Course	Description of Course	Course times and instructional styles	Credit Hours
1	ACCT 280: Introduction to Financial Accounting	Description: This course develops the knowledge and skills necessary to analyze, interpret, and use financial accounting data. Topics include an overview of the financial accounting process, fundamental reporting requirements, and financial statement analysis. Prerequisites: C- or better in MATH 150, 151, 101, 105, or 201. Notes: Offered in fall, spring and summer. MATH 150 is insufficient to progress to ACCT 281.	<u>On Campus:</u> 002 -MW 12:30-1:45pm <u>Online:</u> 001	3 credit hours

2	ANTH 201: Introduction to Cultural Anthropology	Description: An exploration of cultures throughout the world stressing variability in family, political and economic patterns, religion and world view. Notes: Offered in fall and spring. Global perspective, Social Science	<u>On Campus:</u> 003-TR 12:30-1:45pm <u>Online:</u> 005	3 credit hours
3	ARTH 175: Introduction to Art History from Prehistory through the Middle Ages	Description: Survey of art and architecture in the major civilizations of Egypt, the Ancient Near East, Greece, Rome, Byzantium, Medieval Europe, India, China, Japan, and Africa. Notes: Offered in fall and spring.	<u>On-campus:</u> 001-TR 3:30-4:45pm 002- TR 3:30-4:45pm <u>Online-asynchronous</u> 003, 004	3 credit hours
4	ARTH 176: Introduction to Art History from the Renaissance to the Present	Description: Survey of art and architecture in Western Civilizations, from the Renaissance to the present. Notes: Offered in fall and spring.	<u>On campus:</u> 001-MW 2:00-3:15pm <u>Online:</u> 002	3 credit hours
48	ATRN 151: Foundation of Athletic Training	Description: Lecture/discussion/demonstration experiences designed to expose students to basic knowledge required of athletic trainers. Content includes history, professionalism, requirements for certification, employment settings, injury classification and terminology, injury prevention, the healing process, basic injury descriptions, initial management of injuries, and athletic training room operations and procedures. Notes: Lab Fee: \$20. Offered in fall and spring	Not offered in the Spring 2024 semester	3 credit hours
5	BIOL 150: Elements of Living Systems and BIOL 151: Elements of Living Systems Lab *Need to select a time for your lecture (BIOL 150) and a time for your lab (BIOL 151)	Description: A course for non-science majors that introduces the unifying principles of biology. The course will cover various levels of organization from molecules to ecosystems. Topics include ecology, energy use and acquisition, biodiversity, evolution, genetics and cells. Notes: Offered in fall, spring and summer.	<u>BIOL 150: On-campus-</u> 002-MWF 10:00-10:50am 003-MW 2:00-3:15pm 004-TR 9:30am-10:45am 006-TR 12:30-1:45pm <u>BIOL 150: Online</u> 001 005 <u>BIOL 151: On-Campus</u> 001-MW 9:30-10:45am 002-MW 11:00-12:15pm 003-MW 9:30-10:45am 004-TR 12:30-1:45pm 005-TR 2:00-3:15pm 006-MW 3:30-4:45pm	4 credit hours

			007-TR 9:30-10:45am 008-TR 9:30-10:45am	
6	BADM 180: Business Careers and Professional Development	Description: An introduction to business careers and the tools needed to obtain internships and jobs in those specific fields. Professional development and financial literacy is incorporated. This course will serve as a foundation for a student's business education. Notes: Lab Fee: \$20. Offered in fall, spring, and summer.	<u>On-Campus:</u> 001-MW 9:30-10:45am 002-MW 11:00-12:15pm <u>Online:</u> 003	3 credit hours
7	CHEM 105: General Chemistry	Description: An introductory chemistry course for those who intend to major in the sciences. Four lecture hours and one recitation per week. Notes: Lab Fee: \$10. Offered in fall, spring and summer. Prerequisites: Department Placement into CHEM105 or completion of CHEM104 with a grade of C or above.	Not offered in the Spring 2024 semester	4 credit hours
8	CHEM 104: Chemistry and Problem-Solving Fundamentals	CHEM 104- Description: Preparation for the study of General Chemistry through emphasis on problem-solving strategies, on application of chemical principles, and on substantive student practice in solving multi-concept problems. Content includes matter and energy, modern atomic structure; chemical equations and reaction stoichiometry; solutions; acid-base, redox and precipitation reactions; factor-label techniques; gases; and chemical nomenclature methodology. Notes: Lab Fee: \$10. Offered variable times.	Not offered in the Spring 2024 semester	3 credit hours
9	CSCI 101: Introduction to Computers and Information Processing CSCI 101 A, B, C, F	This course provides an introduction to general computer and information technology concepts, presents topical issues related to the digital society, and introduces students to computational thinking through introductory computer programming. Notes: Offered in fall, spring and summer. CSCI 101A: Intermediate Word and Powerpoint- Students learn intermediate functions of MS Word and MS PowerPoint. Lab Fee: \$40. CSCI 101B: Using Microsoft Excel- An introduction to using the Microsoft Excel spreadsheet application, and integrating it	<u>(CSCI 101) On-Campus:</u> 001-TR 9:30-10:45am 002-TR 9:30-10:45am <u>(CSCI 101) Online asynchronous:</u> 003, 004 <u>(CSCI 101 A,B,C,F) Online asynchronous</u>	1.5 credit hours 0.5 credit hours 0.5 credit hours

		with other MS applications. Notes: Offered in fall, spring and summer. Lab Fee: \$40. CSCI 101C: Using Microsoft Access- An introduction to using the Microsoft Access database management system application. Notes: Offered in spring, summer and fall. Lab Fee: \$40. CSCI 101F: Learning Adobe Photoshop- An introduction to the use of Adobe Photoshop. Notes: Offered fall and spring. Lab fee: \$50.		0.5 credit hours 0.5 credit hours
10	CSCI 207: Introduction to Computer Science I	An introduction to problem-solving methods, algorithm development, and a high-level programming language. Procedural and data abstraction are emphasized early in the course. Students are introduced to object-oriented programming concepts. Students learn to design, code, debug, and document programs using proper programming techniques. Prerequisites: MATH 151, or MATH 101, or a MATH course that has MATH 101 or MATH 151 as a prerequisite, or math placement score sufficient to place into MATH 201. Notes: Lab fee: \$15.	<u>On-campus:</u> 001-TR 12:30-1:45pm, 2:00-2:50pm 002-TR 12:30-1:45pm, 3:30-4:20pm	4 credit hours
11	ECON 215: Principles of Microeconomics	Description: The economic behavior of individual decision-making units in society with development of the concepts of consumer choice and business firm behavior under different market conditions.	<u>On campus:</u> 002-TR 9:30-10:45am 003-MW 2:00-3:15pm <u>Online asynchronous:</u> 001	3 credit hours
12	ENGL 208: Foundations of World Literature	Description: A survey of representative foundational major works and authors that characterize earlier world literature, including the Ancient, Medieval, and Renaissance periods, and chronologically comparable non-Western works. Notes: Offered in fall, spring and summer. Prerequisites: WRIT 101.	Not offered in the Spring 2024 semester	3 credit hours
13	ENGL 211: Major American Authors	Description: Study of the major periods, literary forms, and issues that characterize American literature, with a consideration of representative major works and authors over the course of American literary history. Prerequisite(s): WRIT 101. Notes: Offered in fall, spring and summer.	<u>On-Campus:</u> 001-TR 12:30-1:45pm	3 credit hours
14	EXSC 101: Introduction to Exercise Science	The purpose of this course is to introduce students to the multiple components and career options in exercise science. Major	<u>On-campus:</u> 001-MW 9:30-10:45am	1 credit hour

		<p>components of the course include professional and career opportunities within allied health professions, professional development opportunities, and the role of exercise science professionals in contemporary society.</p> <p>Notes: Lab Fee: \$25</p>		
15	FREN 101: Elementary French	<p>Description: This is an introductory course intended for students who have not studied French previously. This course emphasizes the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Students with previous study of French should take the departmental placement test before enrolling in this course.</p>	<p><u>On-campus:</u> 001-MW 9:30-10:45am</p>	4 credit hours
16	FREN 102: Elementary French II	<p>Description: This course builds on French 101. There is continued emphasis on the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Completion of French 101 or equivalent with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.</p>	<p><u>On-campus:</u> 001-TR 9:30-10:45am</p>	4 credit hours
17	FREN 201: Intermediate French I	<p>This course continues to stress development of listening, speaking, reading and writing skills. Special attention is paid to more complex grammatical items such as the subjunctive, contrary-to-fact statements, and relative clauses. Notes: Lab Fee: \$20. Offered in fall and spring. Prerequisites: Completion of FREN 102 with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.</p>	<p>Not offered in the Spring 2024 semester</p>	3 credit hours
18	HCMT 200: Introduction to Health Care Management	<p>Description: Review of the current and historical social, political, and scientific factors that influence the US Health Care System. Students are introduced to the structure, organization, financing, utilization, and history of health and medical care services in the United States. International and US health trends are reviewed. Course meets social science requirement for General Education</p>	<p><u>On-campus:</u> 001-TR 2:00-3:15</p>	3 credit hours

		Requirements. Notes: Offered in fall and spring		
19	HIST 211: United States History to 1877	Description: A survey of political, diplomatic, economic, social, intellectual and ethnic developments through Reconstruction with attention to development of the Federal Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001- MW 2:00-3:15pm 002-MW 12:30-1:45pm 004-TR 2:00-3:15pm	3 credit hours
20	HIST 212: United States History since 1877	Description: A survey of political, diplomatic, economic, social, intellectual and ethnic developments since Reconstruction with attention to development of the Federal Constitution. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-TR 9:30-10:45am 002-MWF 9:00-9:50am 003-MWF 10:00-10:50am 005-MW 2:00-3:15pm	3 credit hours
21	NUTR 221: Nutrition	Description: Basic nutrition concepts applied to the needs of individuals, families and communities. Notes: Lab Fee: \$10. Offered in fall, spring and summer.	<u>On-campus:</u> 003- MW 8:00-9:15am <u>Online asynchronous:</u> 001, 002	3 credit hours
22	MCOM 205: Introduction to Mass Communications	Description: Introduction to the major fields of mass communication with emphasis on advertising, broadcasting, newspapers, magazines, and public relations, and the history of each. Notes: Offered in fall and spring.	<u>On-Campus:</u> 001-MW 12:30-1:45pm	3 credit hours
23	MCOM 210, 211, 212: Intro to Sports Production	Description: Basics of production, descriptions of techniques in building professional portfolios and in shooting, producing, directing and handling graphics, audio and replays for live sporting events. Introduction to leadership skills. Includes hands-on camerawork experience with Winthrop Department of Athletics or other organizations. (Part of the course sequence for Digital Sports Production in Mass Communication major)	<u>210 Online Asynchronous:</u> 001 <u>211 Online Asynchronous:</u> 001 <u>212 Online Asynchronous:</u> 001	1 credit hour
24	MATH 151: Applied College Algebra	Description: A study of the algebraic skills needed to perform computations in applied settings. Topics include: equations, inequalities, functions, graphs, and financial mathematics. Notes: Lab Fee: \$15. Offered fall, spring and summer.	<u>On-campus:</u> 002-MW 5:00-6:15pm <u>Online asynchronous:</u> 001, 004	3 credit hours
25	MATH 101: Algebra and Trigonometry for Calculus	The study of algebraic and trigonometric skills needed for single variable calculus. Topics include equations, graphs, polynomial and rational functions,	<u>On-campus:</u> 001-TR 12:30-1:45pm	3 credit hours

		exponential and logarithmic functions, and trigonometry. Notes: Lab Fee: \$15. Credit will not be allowed for MATH 101 and MATH 104. Offered in fall, spring, and as needed in summer. Prerequisites: Satisfactory score on Mathematics placement exam or a C- or better in MATH 151.		
26	MATH 201: Calculus I	Techniques of differentiation, graphing, maximum/minimum, related rate problems, definite integrals, the fundamental theorem of calculus, logarithmic functions, exponential functions, and other transcendental functions. Notes: Lab Fee: \$15. Credit will not be allowed for MATH 105 and MATH 201. Offered in fall, spring and as needed in summer. Prerequisites: A grade of C- or better in MATH 101 or satisfactory score on Mathematics Department Placement Test. Corequisites: Math 104. A grade of C- or better in MATH 101, or a satisfactory score on the trigonometry portion of the Mathematics Department Placement Test, replaces this corequisite.	<u>On-campus:</u> 001-MWF 9:30-10:45am	4 credit hours
27	MGMT 200: Introduction to International Business	This course reviews the principles, tools, processes and practices used by managers to understand international markets, cultures, economies and political environments, as well as to manage their organizations to achieve competitive advantage and superior performance in an international setting. Topics covered include: globalization, country differences (political, economic, legal, and cultural), global trade and investment, global monetary systems, strategy and structure of international businesses, and international business operations and practice	Not offered in the Spring 2024 semester	3 credit hours
28	MUST 111: Music Theory I	Description: An introduction to the basic concepts of music theory and the materials of music. Written and analytical applications. Notes: Offered in fall and spring. Prerequisites: Passing score on the Music Theory Entrance Examination or successful completion of MUST 101.	Not offered in the Spring 2024 semester	3 credit hours

29	PESH 101- Fitness Walking	This course is designed to increase cardiovascular fitness through brisk walking. It will contain a core of knowledge concerning conditioning, self-assessment, injury prevention, stress reduction, and other related health topics for optimum wellness outcomes.	<u>On-campus:</u> 001-MW 8:00-8:50am 002-MW 9:00-9:50am 003-MW 12:30-1:20pm <u>Online:</u> 004, 005	1 credit hour
30	PESH 102- Weight Training	The study and practice of weight training activities. Notes: Lab Fee: \$2	<u>On-campus:</u> 001-TR 8:00-8:50am 002-MW 9:00-9:50am 003-TR 12:30-1:20pm 004-MW 10:00-10:50am 005-MW 11:00-11:50am 006-MTWR 2:00-2:50pm	1 credit hour
31	PETE 101: Introduction to Teaching P-12 Physical Education	Description: PETE 101 is designed to provide an introduction to teaching physical education at the elementary, middle, and high school levels. Emphasis will be placed on developing an applied understanding of both "how" and "what" to teach in physical education, and on the processes of observing and analyzing the physical skills of students and the teaching effectiveness of physical education teachers. Notes: Lab fee: \$25. Offered in fall only	Not offered in the Spring 2024 semester	3 credit hours
32	PHIL 101: Introduction to Philosophy	Description: Overview of the major areas of philosophic inquiry including the nature of reality, of the human self, of moral value, and of knowledge of God's existence. Notes: Offered every semester.	<u>On-campus:</u> 002-MW 11:00-12:15pm <u>Online:</u> 001	3 credit hours
33	PHYS 201 General Physics I	Description: Basic concepts and principles of physics, including mechanics, heat, sound, electricity, magnetism, and optics. Notes: A student may not receive credit for both PHYS 201 and 211 and for both PHYS 202 and 212. Offered in fall. Prerequisites: Completion of General Education Quantitative Skills requirement with a grade of C or above	Not offered in the Spring 2024 semester	4 credit hours
34	PLSC 201: American Government	Description: National governmental institutions and the political processes which shape public policy. Meets state requirements for course on the U.S.	<u>On-campus:</u> 001-MW 2:00-3:15pm 002-MW 11:00-12:15pm 003-MW 12:30-1:45pm	3 credit hours

		Constitution. Notes: Offered in fall, spring and summer.	004-TR 9:30-10:45am 005-TR 12:30-1:45pm <u>Online asynchronous:</u> 007 006	
35	PLSC 202 State and Local Government	Description: A comparative study of the structure and functions of state and local government institutions and political processes. Notes: Offered in fall and spring.	Not offered in the Spring 2024 semester	3 credit hours
36	PLSC 207: Comparative Politics	Description: An introduction to the discipline of comparative politics. The course will explore the theoretical components of governments of the world and will prepare students for upper-level area studies.	Not offered in the Spring 2024 semester	3 credit hours
37	PSYC 101: General Psychology	Description: A survey of the major areas of psychological science. Core topics include human social behavior, personality, psychological disorders and treatment, learning, memory, emotion, motivation, human development, biological influences, and research methods. Notes: Offered in fall, spring and summer.	<u>On-campus:</u> 001-MW 8:00-9:15am 002-TR 2:00-3:15pm 003-TR 5:00-6:15pm	3 credit hours
38	SCWK 200: Introduction to Social Work	Description: Introductory study designed to provide students an overall picture of the nature, philosophy, and goals of professional social work practice. Notes: Offered in fall and spring.	<u>On-campus:</u> 001-TR 9:30-10:45am	3 credit hours
39	SOCL 201: Principles of Sociology	Description: Introduction to the perspectives, approaches and basic concepts used in the sociological study of human social behavior. Notes: Offered in fall and spring.	<u>Online asynchronous:</u> 001	3 credit hours
40	SPAN 101: Elementary Spanish I	This is an introductory course intended for students who have not studied Spanish previously. This course emphasizes the development of listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: None. Students with previous study of Spanish should take the departmental placement test before enrolling in this course.	<u>On-campus:</u> 001-MTWR 9:30-10:45am 002-MTWR 2:00-2:50pm 003-MTWR 3:30-4:20pm	4 credit hours
41	SPAN 102: Elementary Spanish II	This course builds on Spanish 101. There is continued emphasis on the development of	<u>On-campus:</u> 001-MTWR 2:00-2:50pm	4 credit hours

		listening, speaking, reading and writing skills. Notes: Lab Fee: \$25. Offered in fall, spring and summer. Prerequisites: Completion of Spanish 101 or equivalent with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.	002-MTWR 10:00-10:50am 003-MTWR 3:30-4:20pm 004-TR 5:00-6:40pm 005-MTWR 9:00-9:50am	
42	SPAN 201: Intermediate Spanish	This course continues to stress development of listening, speaking, reading and writing skills. Special attention is paid to more complex grammatical items such as the subjunctive, contrary-to-fact statements, and relative clauses. Notes: Lab Fee: \$20. Offered in fall and spring. Prerequisites: Completion of SPAN 102 with a grade of C- or better, a satisfactory score on the departmental placement test, or permission of the department chair.	<u>On campus:</u> 001-MW 3:30-4:45pm	3 credit hours
43	SPMA 101: Introduction to Sport Management	Description: The purpose of the course is to introduce students to the multiple components of the sport industry. All major segments of the industry will be covered, giving the student a strong orientation to the overall industry. Major concepts to be studied will include a background of the industry, business aspects for sport management, various segments of the industry, and professional preparation for a career in the sport industry. Notes: Lab Fee: \$90. Offered in fall and spring.	Not offered in the Spring 2024 semester	3 credit hours
44	SPCH 201: Public Speaking	Description: An introduction to principles and procedures of speech communication with emphasis on speech preparation, delivery, and evaluation. Notes: Lab Fee: \$5. Intensive Oral Communication course. Offered in fall, spring and summer.	<u>Online asynchronous:</u> 001, 002, 004, 006 <u>Hybrid:</u> 007-MW 2:00-3:15pm 008-MW 3:30-4:45pm	3 credit hours
45	RELG 101: Introduction to Religion	Examination of the varying concepts of religion and the methods used in studying religious behavior and belief. Notes: Usually, offered every semester.	<u>Hybrid:</u> 02-T 9:30-10:45am <u>Online asynchronous:</u> 001	3 credit hours
46	WRIT 101: Introduction to Academic Discourse	Description: Introduces students to college-level, thesis-driven, research-based writing. Focus on planning, organizing, and developing persuasive essays through the critical reading of mature prose texts. Emphasis on mastery of	<u>On-campus:</u> 001-TR 9:30-10:45am 002-TR 12:30-1:45pm 004-MW 3:30-4:45pm 006-MWF 8:00-8:50am	3 credit hours

		MLA documentation format and proper integration of source material. Notes: Offered in fall and spring. A grade of C- or better is required. Lab Fee: \$5	<u>Online asynchronous:</u> 003, 005	
47	WRIT 201: Creative Writing	Description: Various special topics and trends at the introductory level in creative writing and writing studies. Several different topics may be offered in a single semester. Students may count 3 hours of WRIT 200 toward the major. Prerequisite: WRIT 101. Notes: Course may be repeated for a total of 6 credits. BA-ENGL majors may count 3 hours of WRIT 200 toward the major. Students may take this course more than once only if course covers different subject matter and/or format. Offered periodically.	Not offered in the Spring 2024 semester	3 credit hours
