1. Evaluate FT faculty specifically by reference to the four areas of activity:
 - a. Academic Responsibility
 - b. Student Intellectual Development
 - c. Scholarship
 - d. Professional Stewardship
2. Be sure to evaluate using these terms specifically:
 - a. Exceeds Expectations
 - b. Meets Expectations
 - c. Does Not Meet Expectations

Also:

- ▶ Refer to the CAS Faculty Alignment Statement for the expectations of performance by rank.
- ▶ For probationary faculty, specifically address progress towards a successful tenure review.
 - ▶ Do highlight areas needing improvement and return to these in future reports;
 - ▶ Similarly for faculty who may become eligible for promotion.
- ▶ Save your work! Faculty180 will let you navigate away without prompting you to save.
- ▶ Don't forget to submit your evaluations (in addition to actually writing them).
- ▶ You may always upload attachments, if you wish.
- ▶ The Dean's evaluation will focus on probationary faculty progress towards tenure and otherwise on generally meeting expectations.
