- V. Graduate Director’s Remarks Dr. M. Gregory Oakes
 - a. Dr. Greg Oakes follow-up on previous discussion concerning the process by which faculty attain the status of Graduate Faculty in the College of Arts and Sciences. There is an existing process whereby faculty no longer apply. Instead faculty are admitted to Graduate Faculty Committee by nomination/appointment by Dean in consultation with the Dept. Chair. Colleges are responsible for recording and informing the Graduate School. In order to do this, chairs will enter the information on the faculty member into an online system. This will go to Maura Conway who will then send it to the Graduate School.
 - b. Dr. Oakes introduced Mr. Anthony Dorman who is a new member of the Dean’s office in the position of Financial Analyst.

- VI. The meeting was adjourned.

Note: Quorum (35% of graduate faculty) is 25 faculty members. The minimum attendance to do business (20% of graduate faculty) is 14 faculty members
