

Food Conference Service Project

Project Hope

During the 1970s many of the area textile mills were closing. Churches were suddenly overwhelmed with people seeking help with their day to day living expenses. In 1975, ministers, church members and social workers formed a ministry to help people in their time of crisis.

The goal was to provide an assistance program to step in when social agencies reached the end of their resources and to “fill the gaps”. What became known as the “HOPE House” is located at 411 Park Avenue in Rock Hill.

Pilgrim's Inn

In 1981 Tricia Kuhlkin founded Pilgrims' Inn with a borrowed office, \$200.00 in her pocket and a determination to help those in need with an atmosphere of respect and genuine affection.

Today we have a large campus with multiple programs that provide emergency help for those who are hurting, and a system of ongoing support and guidance to help them create a more stable, independent future.
