WHAT OUR GRADATES SAY ABOUT OUR PROGRAM:

“I absolutely loved the relationship that I was able to build with many of my professors. So many of them have been used as references, mentors, and much more throughout my years. Going along the same line, I loved how supportive each professor was about your historical passion— even if it didn’t pertain to their own concentration or expertise. This allowed me to truly see how things from any point in time and place connect together to create our full history.” Kelsey Haizlip, HIST – BA, MAT (2019)

“I enjoyed that the social studies program was very personable. The professors always made themselves available and were willing to go out of their way to help me. I particularly enjoyed the MAT5 program because it allowed me to focus on my content knowledge before diving heavily into pedagogy and how to teach. I also greatly appreciate the work that Dr. Gillikin puts into making sure that the student understands their expectations and has clear guidelines to reach those goals. Overall, I would say that I feel prepared to be a teacher and lead high school students thanks largely to the social studies department.” John McDonald, HIST – BA, MAT (2019)
