

Winthrop University Master of Business Administration

Non-Business Majors Earn MBA in One Year

Non-business majors at Winthrop may enter the MBA program immediately after completing their undergraduate degree and complete the graduate degree in one year (all MBA concentrations excluding MBA/Accounting).

How the Program Works:

A student should talk to their advisor about completing the following foundation courses during their undergraduate curriculum:

ACCT 280/281, ECON 215/216, FINC 311 and a technology course

These courses are foundation courses and are the pre-requisites for the MBA program. These prerequisites can also be completed with our new innovative fast track program. A student can complete the four one hour pre-requisite classes in just one semester prior to beginning the graduate curriculum.

Once enrolled, the student will follow a plan of study much like the sample schedule below to complete 36 semester hours of graduate work.

Fall: MGMT 680, ACCT 680, QMTH 680, MGMT 681 and one elective

Spring: FINC 680, MKTG 680, MGMT 683 and one elective

Summer: MGMT 682, MGMT 684, ECON 680 and one elective

A student may reduce the number of courses each semester by completing graduate courses while a senior. See more information at www.winthrop.edu/graduateschool/credits.

Admission Criteria:

To be admitted as an MBA student at Winthrop University, you must have a composite score of 950 or above and a minimum GMAT score of 400. An applicant whose native language is not English must present a score of at least 550 on the TOEFL or 6.5 on the IELTS.
