

CSL Accomplishments Fall 2023

This school year we have charted several organizations Cyber Club, Family Game Night, Johnson in Concert, Music Creators Club, Vietnamese Student Association, Winthrop Club Basketball and Winthrop Model United Nation Club Team.

President Lunches, featuring President Serna, will continue this semester. We have hosted Esports and International Students this past semester, and in the upcoming semester, we plan to invite students with accommodations, politically affiliated students, and post-traditional students.

Working with the Strategic Planning Team to host an event where students can express their concerns and equally keep up to date on the renovations that are yet to take place on our campus.

Our Campus Safety Committee have been conducting Mental Health Destress Fest events, to encourage students to take a break from the pressures of school, and find time to make their mental health the priority.

Our final CSL function of the semester was collaborating with the Academic Success Center to showcase an event that would help best prepare students during exam week. All students received a free goody bag which had resources and materials needed for them to have a successful week, as well as the opportunity to gain knowledge on how to improve their study habits.
