As our lives have changed and adapted over the past few months, the need for student scholarships is greater than ever. Over the last 30 years, creative minds have converged onto Winthrop University's campus and emerged ready to take the spotlight, develop imaginative solutions, and become the creative leaders of tomorrow. Many of these students could not have attended Winthrop without the support of scholarships made possible by the generosity of our donors. That's where you come in! Funds raised will go directly to student scholarships students studying theatre, dance, fine arts, design, or music at Winthrop.

DON'T MISS *THE UNKNOWN!*

The Unknown is currently on display in the Lewandowski Student Gallery and will remain on display until **January 31st**.

The Unknown is a collection of work by students that attempts to capture evidence of the unseen, the fleeting, and things that exist at the periphery. This work acknowledges the miraculous by defying logic and reason. It plays at the margins of truth and understanding and documents the imagination and wonder that animate our day to day lives. The selected work showcases expanded media installations that contribute to contemporary conversations in the field.

Curated by faculty members Claudia O'Steen and Stephanie Sutton.
