

WINTHROP MCNAIR SCHOLARS PROGRAM

Winthrop's Ronald E. McNair PostBaccalaureate Achievement Program helps outstanding **first generation college students from low-income families and students from groups underrepresented in graduate education conduct high quality research and find, fund, and prepare to succeed in doctoral programs.** We are funded to serve 30 students each year through 2028. A competitive and renewable U.S. Department of Education TRiO grant provides \$272,364 in federal funding, representing 74% of program costs. Winthrop contributes the remaining 26% of costs with approximately \$94,930 in cash and in-kind funds. Undergraduates at Winthrop and 22 other S.C. institutions who have at least 30 earned hours, at least one year left to graduate, and a 3.0 GPA are encouraged to apply before November 1. All majors welcome!
