# The Richard W. Riley College of Education

Jennie Rakestraw, Dean Caroline Everington, Associate Dean Marshall Jones, Director of Graduate Studies Lisa Johnson, Senior Associate to the Dean

#### **Mission Statement**

The Richard W. Riley College of Education is dedicated to the highest ideals of teaching, scholarship, and service. The College meets this mission through the preparation of professionals who are committed to the betterment of society through a lifelong quest for excellence in learning, leadership, stewardship, and the communication of ideas.

#### **Undergraduate Degree Programs**

• Bachelor of Science in Athletic Training

• Bachelor of Science in Early Childhood Education South Carolina Certification: PK-3rd grade

• Bachelor of Science in Elementary Education South Carolina Certification: Grades 2 - 6

• Bachelor of Science in Exercise Science

• Bachelor of Science in Family and Consumer Sciences

Specializations: Business/Media, Early Intervention, Youth Issues

• Bachelor of Science in Middle Level Education South Carolina Certification: Grades 5-8 · Bachelor of Science in Physical Education

South Carolina Certification: Grades K - 12

Bachelor of Science in Special Education

Learning/Emotional Disabilities Mental/Severe Disabilities

South Carolina Certification: Grades K - 12

• Bachelor of Science in Sport Management with the College of Business Administration

Additionally, the Richard W. Riley College of Education works cooperatively with the College of Visual and Performing Arts and the College of Arts and Sciences to offer a number of approved teacher education programs in the following areas:

Art, Grades K - 12 Music, Grades K - 12 Dance, Grades K - 12 Science, Grades 9 - 12 English, Grades 9 - 12 Biology

Social Studies, Grades 9 - 12 Modern Languages, Grades K - 12

History French Political Science Spanish Mathematics, Grades 9 - 12 Theatre, Grades K - 12

#### **Graduate Degree Programs**

The Richard W. Riley College of Education offers a number of graduate degrees to provide leadership and personnel for schools and human service programs. These graduate degrees include:

- Master of Education in Counseling and Development
- Master of Education in Educational Leadership
- Master of Education in Curriculum and Instruction
- Master of Education in Literacy
- Master of Arts in Teaching
- Master of Education in Middle Level Education
- Master of Education in Special Education
- Master of Science in Sport and Fitness Administration

More information concerning the graduate programs can be obtained by writing:

Graduate Director

Richard W. Riley College of Education, 106 Withers/WTS

Winthrop University

Rock Hill, South Carolina 29733

#### Accreditations

The Richard W. Riley College of Education is proud of its accreditations and affiliations. The Teacher Education Program at Winthrop University is accredited by the National Council for Accreditation of Teacher Education (NCATE) for the preparation of early childhood, elementary, middle level, special education, physical education, art, modern languages, music, dance, theatre, and secondary teachers (Biology, English, Social Studies, and Mathematics) through the Bachelor's degree. The Athletic Training Education program is accredited by the Commission on Accreditation of Athletic Training Education (CCATE). At the graduate level, the Master of Education and the Master of Arts in Teaching degrees are nationally accredited by NCATE. All teacher education programs are approved by the South Carolina State Board of Education, and

#### RICHARD W. RILEY COLLEGE OF EDUCATION

all programs are fully accredited by their specialized professional associations. Recognition by these agencies assures program quality and affords students who complete teacher preparation at Winthrop University the opportunity to apply for reciprocal certification with a majority of states in the nation.

#### **Academic Advising**

Academic advising is an integral part of the learning process at Winthrop University. Faculty in the Richard W. Riley College of Education regard academic advising as a major responsibility which enhances teaching and campus life. All students in the College of Education are assigned a faculty adviser. Faculty advisers work with students to review academic goals and explain how course work and field assignments assist them in attaining their personal and professional goals. Students have a responsibility to schedule regular appointments with the faculty adviser. Students can make the most of advising by reading this *Catalog* and being prepared for discussion of academic goals, responsibilities, and requirements.

Additionally, the College provides a full-time academic adviser to assist freshmen and transfer students. After an initial meeting with the academic adviser, a faculty adviser from the student's chosen discipline of study will be assigned. The Richard W. Riley College of Education's academic adviser is located in the Office of Student Academic Services, 144 Withers/WTS, (803) 323-4750.

Prior to course registration, students are required to have the approval and signature of their faculty adviser. Students may change advisers through a formal request to the appropriate department chair or the Advisement Coordinator.

#### **Professional Education Core**

All teacher education students are required to complete a planned sequence of courses and field experiences designed to prepare them for their roles in schools and society. The Professional Education Core is designed around the conceptual framework, **Teacher as Educational Leader.** The curriculum is organized with concepts, themes, stages of development, and numerous competencies to best prepare contemporary educators. The following organizing conceptual statements outline the emphases of the core.

- 1. The educational leader strives to improve the human condition through reflective study of human development, learning, and diversity.
- 2. The educational leader possesses an understanding of the historical foundations of schooling and exhibits ethical behavior consistent with the laws and policies governing American education.
- 3. The educational leader employs appropriate curricular decisions to provide effective instruction.
- 4. The educational leader is a skilled teacher able to design, deliver, evaluate, and refine instruction.
- 5. The educational leader serves as an example of a reflective teacher, scholar, communicator, and advocate serving the interests of students and society.

Students' progress on each of the organizing concepts is assessed continuously as they move through the conceptual framework's three stages of development: exploratory, preprofessional, and professional. The three critical points of review are admission to the Teacher Education Program, approval to enter the professional or internship stage, and entry into the profession.

The College of Education is committed to the preparation of educational leaders. To that end, professional dispositions are assessed throughout the program to ensure teacher candidates are meeting the highest standards of the profession.

The professional Core ensures that teacher education students can integrate general content, professional knowledge, and pedagogical knowledge to create meaningful learning experiences for all students. This integrative focus of teacher education sets Winthrop University and its graduates apart from other programs.

By having faculty who hold diverse disciplinary perspectives teach throughout the sequence of courses, the Core encourages students to develop a professionally responsible understanding of the diversity that defines learners and teachers. Within the Core, students engage in supervised practice applying their developing knowledge and skills.

The Professional Education Core consists of:

The Profession	ial Education Core consists of:	
EDUC 110	Teachers, Schools & Society	3
EDUC 210	Psychology of the Learner I	3
EDUC 250	Psychology of the Learner II	3
EDUC 275	Integ Tech To Support Teaching & Learning	2
EDUC 310	Working With Excep & Diverse Learners	3
EDUC 390	Core Issues in Teacher Education	3
AREA 391	Principles of Teaching (Content)	3
AREA 392	Field Experience in Teaching (Content)	1
EDUC 475	Internship in Reflective Practice	10
EDUC 490	Capstone for Educational Leaders	2
<b>Total Credits</b>	-	33

NOTE: The College of Education faculty are continuously reviewing and revising curricula to meet the needs of contemporary schools. Students applying to Winthrop should be alert to curricular changes as they occur and how those changes impact their programs.

#### Criminal Background and Sex Offender Check Requirement

In order to fulfill South Carolina legislative requirements and related public school policy, all students who participate in any type of field-based experience (e.g., service learning, observation, tutoring, practicum, internship) associated with schools or other educational agencies must undergo a name-based South Carolina criminal records search by the South Carolina Law Enforcement Division (SLED) and a National Sex Offender Registry check. Students must show a clear record on both background checks. (Students other than those in EDUC 110 are responsible for obtaining and providing documentation of the SLED background check to the Office of Clinical and Field Experience.) If a criminal record is revealed, results are considered on an individual basis to determine whether or not the student should be placed in the field experience. These decisions are usually made in conjunction with the school district or educational agency. Typically students will not be placed in a field-based experience unless court records indicate that the matter was legally resolved or expunged from the individual's criminal record history. Winthrop will not place students who have been convicted of or plead guilty to a violent crime as outlined in law, whose names appear in the National Sex Offender Registry, or who have been required to register as sex offender pursuant to state law. Also, students will not be placed in a field-based experience if they have been convicted of a felony that would make the student ineligible for a Professional Teaching Certificate.

A second and more extensive FBI check is required prior to the senior year for undergraduate teacher education students or the final year for MAT students in order to meet state certification requirements. In order to be placed in field experience or internship settings at this point, students must show a clear record and no offenses that would make them ineligible for professional certification.

The College of Education has appropriate processes in place for accomplishing the SLED, FBI, and National Sex Offender Registry background checks for students. Undergraduates are charged a course fee that pays for the SLED check, and students pay for the FBI check when they complete the certification application forms. All students who transfer to Winthrop University and seek teacher certification must complete the SLED check—paying the \$25 fee through the on-line SLED process—and provide written documentation of a clear criminal background prior to enrolling in any course that requires a field-based experience or internship. The College of Education will conduct all National Sex Offender Registry checks and ensure that no student with sex offender status is enrolled in a course that requires a field-based experience.

#### **Admission to the Teacher Education Program**

The Teacher Education Program at Winthrop University may be completed by students enrolled in the Richard W. Riley College of Education, the College of Arts and Sciences, and the College of Visual and Performing Arts. All students seeking to complete the Teacher Education Program must meet all admission requirements and be formally admitted before they are allowed to enroll in restricted professional courses. Any Teacher Education Professional Dispositions and Skills found will be reviewed prior to admission.

Admission to the Teacher Education Program serves as the first level of assessment under the conceptual framework, **Teacher as Educational Leader.** Admission is granted by the Dean of the Richard W. Riley College of Education or designee who notifies each student upon acceptance into the program. All students seeking admission must meet the following requirements:

- 1. Attend an information session on admission to Teacher Education before applying to the Teacher Education Program.
- 2. Complete a minimum of 45 semester hours, fifteen of which must be completed at Winthrop University.
- 3. Achieve a minimum cumulative grade point average of 2.75 for coursework completed at Winthrop.
- 4. Complete the following core courses with a grade of "C" or better in each course: EDUC 110, 210 and 275.
- 5. Pass all sections (Reading, Writing and Mathematics) of PRAXIS I or satisfy the testing requirement with minimum scores on the SAT, SAT I, or ACT.
- 6. Submit an Application for Admission to Teacher Education to Student Academic Services that includes: a) a disclosure statement concerning criminal/unethical conduct including any judicial or disciplinary action taken while enrolled at Winthrop University or another institution of higher education, b) evidence of 25 hours of recent, successful, supervised experience working with the age-level student for which certification is sought, or completion of Teacher Cadet program, or participation in Teaching Fellows program, c) an admission essay that documents the student's growth toward becoming an educational leader in a democracy. Students are required to provide examples of how their experiences in general education, core courses, major courses, field experiences, cultural events, service learning, and using technology have prepared them to be well-educated teacher candidates who are committed to and capable of working with diverse and challenging students,
- 7. Receive a favorable recommendation from the following:
  - the Director of Student Academic Services
  - · an admission committee comprised of faculty from the major and the Education core, and
  - the Dean of Education or designee

#### Continuation in the Teacher Education Program

Candidates admitted to the Teacher Education Program are required to *maintain* a minimum overall grade point average of 2.75 and must be in good standing within the University community. Candidates must submit a field experience application the spring before they begin AREA 392 and begin the application process for SC Initial Certification which includes a background check. Refer to the Student Academic Services website for current fees: http://coe.winthrop.edu/sas/PDF%20Files/Certification/CertificationQ&A.pdf.

#### RICHARD W. RILEY COLLEGE OF EDUCATION

Placements in schools for teacher education field experiences, practica, and internships will be within a 60 mile radius of the University campus. Travel to and from placements is the student's responsibility; and the student must assume liability for any required travel.

#### Requirements for Entry into the Professional Stage

All teacher education candidates seeking to complete the Professional (Internship) stage of the Teacher Education Program must meet all requirements before being allowed to enroll in EDUC 475 - Internship in Reflective Practice and EDUC 490 - Capstone for Educational Leaders. Approval to enter the Professional Stage serves as the second level of assessment under the conceptual framework, Teacher as Educational Leader. Approval is granted by the Dean of the College of Education or designee after candidates have met all the following requirements:

- 1. Submission of an internship application to Student Academic Services.
- 2. Completion of a minimum of 110 semester hours.
- 3. Minimum cumulative GPA of 2.75 for coursework completed at Winthrop.
- 4. Completion of the following core courses with a grade of "C" or better in each course: EDUC 310 and 390.
- 5. Grade of "C" or better in courses designated by the candidate's program area.
- 6. Completion of all required courses as specified by faculty in the major.
- 7. Documentation of passage of PRAXIS II examinations in the content area of certification. For the most current information on the required PRAXIS II tests for your content area, visit the South Carolina Department of Education website: http://www.scteachers.org/.
- 8. Competency review indicating satisfactory completion of (a) Core education classes, (b) satisfactory Field Experience Midterm and Final Evaluations, and if appropriate, (c) a review of Teacher Education Profession Dispositions and Skills forms.
- 9. Completed disclosure statement regarding criminal or unethical conduct.
- 10. Signed recommendations from:
  - •Faculty Adviser
  - •Department Chair in the candidate's major and/or Program Area designee

NOTE: Before beginning full-time internship in the state of South Carolina, a teacher education candidate must obtain a clear fingerprint/FBI check.

#### **Teacher Education Program Completion**

To exit the program, teacher education candidates must meet all degree requirements as well as the following requirements:

- 1. Successful completion of a minimum of 124 semester hours with a minimum GPA of 2.75.
- 2. Passage of EDÚC 475, Internship in Reflective Practice, and EDUC 490, Capstone for Educational Leaders.
- 3. Successful completion of a competency review by the program area committee in which the following documents are reviewed: Internship Midterm and Final Evaluations, Scored Rubrics for the Internship Work Sample, and if appropriate, a review of Teacher Education Professional Dispositions and Skills Form(s).
- 4. Signed recommendation by the following members of the program area committee: program area designee, department chair in the major, and the university internship supervisor.

#### Appeals

Any student wishing to appeal an admission decision, a program requirement, an internship placement issue, or a certification recommendation issue must make such an appeal in accordance with the policies and procedures established by the Teacher Education Committee (TEC). Students must obtain a "Petition For Exception" form from Student Academic Services. Petitions must be completed with accurate information and include supporting documentation such as a transcript, current course schedule, letters of support, and other appropriate documentation. Students are strongly urged to develop their petitions with the direct assistance of their faculty advisers. All petitions must be signed by the student, the student's adviser, and the department chair of the student's major area. The completed petition is submitted to Student Academic Services. The Petitions Committee reviews the appeal from the student and makes a recommendation to the Dean of the Richard W. Riley College of Education. Students are then notified in writing of the Dean's decision within thirty working days.

#### PRAXIS II Series

Passage of the PRAXIS II Series content area examinations is required prior to entry into the professional stage for all candidates in the teacher education program. For the most current PRAXIS information required for test(s) in your content area, visit the South Carolina Department of Education website: http://www.scteachers.org/cert/exam.cfm.

\*\*A grade of C or better must be earned and this course cannot be taken as S/U

See pages 15-19 for additional degree requirements.

#### Bachelor of Science in Middle Level Education English/Language (plus additional specialization area)

This degree is designed for students who wish to teach in middle schools. The curriculum of the degree prepares the middle level educator to teach in two separate content areas. Each student will have a teacher preparation program in two areas: English/Language Arts , mathematics, science or social studies. Due to the complexity of this degree, its content areas, general education requirements, and lack of electives, students are urged to **always receive prior approval from their advisers before enrolling in any course.** 

General_Education Courses ACAD 101	Semes Principles of the Learning Academy	ter Hours
Critical Skills	Timelples of the Beatting Readenly	1
Writing and Critical Thinking		12-16
WRIT 101 and CRTW 201	Composition; Critical Reading, Thinking, & Writing	6
Quantitative Skills	May be met in the major if choosing Math concentration	O
MATH 150	Introduction to Discrete Mathematics	0-3
Technology	Met in major with EDUC 275	0
Oral Communication	Met in major with ENGE 391	0
Logic/Language/Semiotics	nace in manyor with Er (OE 671	Ü
One semester of foreign language		3-4
Elective	See approved list, page 17	3
Skills for a Common Experience and Thinki		6

#### Bachelor of Science in Middle Level Education Mathematics (plus additional specialization area)

This degree is designed for students who wish to teach in middle schools. The curriculum of the degree prepares the middle level educator to teach in two separate content areas. Each student will have a teacher preparation program in two areas: English/Language Arts, mathematics, science or social studies. Due to the complexity of this degree, its content areas, general education requirements, and lack of electives, students are urged to always receive prior approval from their advisers before enrolling in any course.

#### \*C or better must be earned

After 30 hours, all teacher candidates must meet the following requirements:

- 1. A "C" or better in PHED 112 and EDUC 110.
- 2. Take the PRAXIS I examination. A passing score will not be required on PRAXIS I until the teacher candidate applies for formal admission into the College of Education.
- 3. Achieve and Maintain the healthy zones in aerobic capacity (Pacer Test or Mile run), muscular strength and endurance (curl-up), flexibility (sit & reach), and upper body strength and endurance (push-up & modified push-up) as measured by Fitnessgram.\*\*
- 4. Demonstrate competence in selected game categories as measured by a B- or better in PHED 234 and 248.\*\*
- 5. Demonstrate the six fundamental movement skills at the proficiency level as measured by Departmental rubrics.\*\*
- 6. Complete an application for Continuation in the Teacher Certification program.

Before enrolling in EDUC 475 and 490, teacher candidates must:

- 1. Achieve a C or better in PHED 566 and 591
- 2. Pass Praxis II.

In addition to the above requirements, all requirements must be met for initial admission to the Richard W. Riley College of Education.

\*\*Accommodations will be made for teacher candidates with documented physical disabilities.

See pages 15-19 for additional degree requirements.

#### ATHLETIC TRAINING ADMISSIONS CRITERIA

All students seeking to complete the Clinical Stage of the ATEP must meet all admission requirements and be formally admitted before they are allowed to enroll in clinical experience courses.

Transfer students must request a review of their transcripts. Appropriate transfer courses will be accepted if

#### RICHARD W. RILEY COLLEGE OF EDUCATION--EXERCISE SCIENCE

deemed equivalent by Winthrop University admissions and academic personnel. Transfer students who are admitted into the ATEP will be required to complete all of the clinical education components at Winthrop University.

Admission into the Clinical Stage of the WU-ATEP is a competitive process. **Completing the application requirements does not guarantee admission into the ATEP.** The ATEP is bound by accreditation standards to maintain strict ratios between athletic training students and clinical instructors and to assure that all athletic training students can meet rigorous technical standards. It is possible that a student might fulfill the application requirements and be denied admission into the WU-ATEP.

All applicants for admission into the Clinical Stage of the ATEP must meet the following requirements:

- 1. Complete a minimum of 30 semester hours.
- 2. Achieve a minimum cumulative grade point average of 2.5 for all coursework and a minimum cumulative grade point average of 2.75 for all coursework in the athletic training core.
- 3. Complete the following Athletic Training core courses with a grade of "C" or better in each course: ATRN 151, 152, and PHED 361.
- 4. Complete BIOL 307 or 308 (or equivalent)
  - -Students who do not earn a grade of "C-" or better may be given probationary status in the ATEP.
- 5. Complete a minimum of 75 hours of directed observation with certified Athletic Trainers. At least 25 of the hours must be done in an athletic training setting outside of Winthrop University.
- 6. Submit an Application for Admission to the Athletic Training Education Program to the Program Director (PD) that includes:
  - a. official transcripts from all institutions of higher education attended.
  - b. WU-ATEP application form.
  - c. an admission essay that documents the student's growth toward becoming an allied health professional.
  - d. two letters of recommendation; one should be from a certified athletic trainer.
  - e. log which documents 75 observation hours.
- 7. Undergo a standardized interview with the Admission Selection Committee comprised of the Program Director, Clinical Coordinator, Winthrop University Head Athletic Trainer, Winthrop University Assistant Athletic Trainer, one off-campus ACI (when available), and two current athletic training students.

#### **Continuation in the Athletic Training Education Program**

Candidates admitted into the ATEP are required to maintain a minimum overall grade point average of 2.5, a minimum grade point average of 2.75 for all coursework in the athletic training core, and must be in good standing within the University community.

#### **Athletic Training Education Program Completion**

To exit the ATEP, athletic training candidates must meet all degree requirements as well as the following requirements:

- 1. Successful completion of a minimum of 127 semester hours with a minimum GPA of 2.5.
- 2. Completion of the athletic training core with a minimum GPA of 2.75.
- 3. Completion of BIOL 307 and BIOL 308 (or equivalent) with a minimum grade of "C-" in each.
- 4. Successful completion of a competency and proficiency review by the Program Director, Clinical Coordinator, and one ACI.

#### **Appeals**

Students denied admission to the WU-ATEP and/or dismissed from the WU-ATEP may appeal to the selection committee in the following steps:

- 1. Submit a letter of appeal to the Program Director and the Chair of the Department of Physical Education, Sport and Human Performance. The letter should detail how the student believes he/she has met the appropriate criteria.
- 2. Each appeal will be reviewed by an appeals committee comprised of the Chair of the Department of Physical Education, Sport and Human Performance and two faculty members of the Chair's choice.
- 3. Upon review of the appeal, the Appeals Committee may request input from the selection committee and the student may request an open discussion with the Appeals Committee to explain his/her position.
- 4. The Appeals Committee will submit a written document to the student and to the Program Director, regarding the decision on the student's status.
- 5. All Appeals Committee decisions remain confidential and final.

See pages 15-19 for additional degree requirements.

#### RICHARD W. RILEY COLLEGE OF EDUCATION--EXERCISE SCIENCE

All students seeking Junior level acceptance to the Exercise Science (EXSC) Program must be formally admitted before they are allowed to continue in the advanced EXSC courses or go on Internship.

Transfer students will undergo a review of their transcripts. Appropriate transfer courses will be accepted if deemed equivalent by Winthrop University Admissions, College of Education, and EXSC faculty.

All applicants for admission into the EXSC Program must meet the following requirements:

- 1. Complete a minimum of 60 semester hours.
- 2. Achieve a minimum cumulative grade point average of 2.5 for all coursework and a minimum cumulative grade point average of 2.75 for all coursework in the EXSC core.
- 3. Complete the following EXSC Core courses with a grade of "B-" or better in each course: EXSC 101, HLTH 300, PHED 208, PHED 267.
- 4. Complete or enroll in BIOL 307 or BIOL 308 (or equivalent). Students who do not earn a grade of "C-" or better may be given probationary status in EXSC.
- 5. Complete CHEM 105 (or equivalent) with a grade of "C-" or better. Students who do not earn a grade of "C-" or better may be given probationary status in EXSC.
- 6. Submit an Application packet for admission to the EXSC Program to the Program Director (PD) during Fall semester Junior year that includes:
  - a. official transcripts from all institutions of higher education attended.
  - b. EXSC application form.
  - c. an admission essay (500 words, 2 pages double spaced in Times New Roman 12 point font) that details the student's careers goals and current progress towards these career goals.
- d. two professional letters of recommendation.
- 7. Undergo a standardized interview with the Admission Selection Committee comprised of the Program Director, one additional EXSC faculty member, one off-campus exercise scientist or other allied health professional (when available), and two current EXSC students.

#### **Continuation in the EXSC Program**

Candidates admitted into EXSC must continue to maintain a minimum overall grade point average of 2.5, a minimum grade point average of 2.75 for all coursework in the EXSC Core, and must be in good standing within the University community. Students who fall below these levels (or who earn less than C- in BIOL 307, BIOL 308 or CHEM 105 or equivalent) will be placed on probation (written notification) with the opportunity to improve their GPA over one additional semester. Courses may be re-taken to improve GPA. Students who fail to maintain two consecutive semesters of these requirements will be dismissed from the program.

#### **EXSC Program Completion**

To exit EXSC, candidates must meet all degree requirements (including General Education) as well as the following requirements:

- 1. Successful completion of a minimum of 127 semester hours with a minimum GPA of 2.5.
- 2. Completion of the EXSC core with a minimum GPA of 2.75.
- 3. Completion of BIOL 307, BIOL 308, and CHEM 105 (or equivalent) with a minimum grade of "C-" in each.
- 4. Completion of a 12-credit professional internship (560 hours).

#### Appeals

Students denied admission to EXSC and/or dismissed from EXSC may appeal to the selection committee in the following steps:

- 1. Submit a letter of appeal to the Program Director and the Chair of the Department of Physical Education, Sport and Human Performance. The letter should detail how the student believes he/she has met the appropriate criteria.
- 2. Each appeal will be reviewed by an appeals committee comprised of the Chair of the Department of Physical Education, Sport and Human Performance and two faculty members of the Chair's choice.
- 3. Upon review of the appeal, the Appeals Committee may request input from the selection committee and the student may request in writing an open discussion with the Appeals Committee to explain his/her position.
- 4. The Appeals Committee will submit a written document to the student and to the Program Director, regarding the decision on the student's status.
- 5. All Appeals Committee decisions remain confidential and final.

#### All applicants into the Sport Management Program must meet the following requirements: **Admission Criteria**

- 1. 2.75 overall GPA at time of application. Student must maintain 2.75 throughout his or her academic career to complete the degree.

  2. Complete with a "C" or higher: SPMA 101, SPMA 235, PHED 200, WRIT 101, HMXP 102, ACCT 280

  3. Completion of 9 cultural events

- 4. Completion of a quantitative skills course
- 5. Completion of 45 semester hours

#### **Admission Process**

The Application for Admission to the Sport Management Program must include the following:

1. Application Form (available online)

#### RICHARD W. RILEY COLLEGE OF EDUCATION--SPORT MANAGEMENT

- 2. Current resume
- 3. One page written statement that includes professional goals, recent accomplishments, and reason for choice of major

#### **Traditional Students:**

Each student must submit an *Application for Admission to the Sport Management Program* to the Coordinator of Sport Management. Applications may be submitted during any of the following submission periods:

- a. October 15<sup>th</sup> (decision made by November 1<sup>st</sup>)
- b. March 15<sup>th</sup> (decision made by April 1<sup>st</sup>)
- c. July 15th (decision made by August 1st)

Students may apply to the program at any time after earning 45 credits; however, students must apply by the time they have completed 60 credits of coursework.

Students will either be: (a) fully admitted; (b) admitted conditionally (pending semester grades); or (c) denied with an opportunity to reapply after completing 15 additional credits of coursework, not to include courses in the SPMA degree.

Students who are fully admitted may register for upper level courses in the sport management major without restriction. Students who are admitted conditionally will undergo a subsequent grade review at the conclusion the next full semester. A student admitted conditionally will be allowed to take no more than 6 credits of courses in the SPMA degree program during the review semester, not to include SPMA 355. Students who are denied may not take any sport management courses until receiving either full or conditional acceptance.

All students will receive a letter indicating application result. This letter will indicate that if at any point a student falls below the required grade point average, he/she will be placed on probation for one semester. If after the probationary semester, the grade point average is not satisfied, the student will be discontinued from the major for a minimum of one semester. Re-application will be granted only after the grade point average is raised. If grade point average falls below the requirement a second time, student will be permanently discontinued.

#### **Transfer Students:**

Each student must submit an *Application for Admission to the Sport Management Program* to the Coordinator of Sport Management. Transfer students entering Winthrop with 54 or more credits must apply for admission during the first application period after their start date; also, in certain circumstances, the Coordinator of Sport Management may review an application in a non-submission period. Submission periods are as follows:

- a. October 15th (decision made by November 1st)
- b. March 15<sup>th</sup> (decision made by April 1<sup>st</sup>)
- c. July 15th (decision made by August 1st)

External transfer students may use a GPA from transferring institution to meet the admission criteria. The cultural event requirement is waived for external transfer students. All other transfer students will follow the same process as traditional students.

Students who elect to major in Sport Management and then decide to switch majors may not reenter into any Sport Management Core courses for a period of one semester (summer semester may not be counted as the one semester wait period). Once a student has dropped the Sport Management major, a wait period of one semester shall occur before the student can reenter into any Sport Management Core courses. At the end of one semester where the student is not a Sport Management major, students may reenter the Sport Management Core courses provided they have; A) satisfied all SPMA admission criteria, B) applied or reapplied for SPMA Program admission, C) been formally accepted into the SPMA Program.

Entering freshman can declare Family and Consumer Sciences as a major. All applicants or students transferring to the Family and Consumer Sciences Program must meet the following requirements to be admitted to the program:

- 1. Achieve a minimum cumulative grade point average of 2.0 for all coursework prior to admission to the Family and Consumer Sciences program.
- 2. Select a specialization—Youth Issues, Business/Media, or Early Intervention, or minor in one of the following—Health, Human Resource Management, Nutrition, or Gerontology.

#### **Additional Requirements:**

- 1. Students must meet all University requirements and earn a cumulative grade point average of 2.25 or greater in order to graduate.
- 2. The following courses are restricted to Family and Consumer Sciences majors in good standing (a 2.25 minimum cumulative grade point average): FACS 211, 381, 401, 495, 501, 500, and 502.
- 3. Complete a minimum of 40 hours of courses numbered above 299. In order to meet this University requirement, students may have to take courses above 299 as their electives.
