

Create Adaptive Release Membership Criteria

Overview

This tutorial will explain how to create Adaptive Release Membership Criteria. The Adaptive Release feature allows you to hide course content until various criteria are met. One type of criteria you can set is Membership Criteria, which will display content for specific learners or groups. It is useful for differentiating instruction or dividing content among students.

Want to create different Adaptive Release criteria? Click the appropriate link for instructions:

- ✓ Date Criteria
- ✓ Grade Criteria
- ✓ <u>Review Status Criteria</u>

Quick Steps

Navigate to Item > Item Options > Adaptive Release: Advanced > Create Rule > Submit > Create Criteria > Membership > Course Users OR Course Groups > Submit

Step 1

Navigate to the activity. Open the Item Options menu [1] by clicking on the Item Options arrow that follows the activity's title, and then select "Adaptive Release: Advanced" [2].

	Content A	Area 🔍		
	Build Content 🗸	Assessments 🗸	Tools 🗸	Partner Content 🗸
1	Enable What	Edit Adaptive Release	to Chap	ter 7 of the novel Frankenstein?
	Item	Adaptive Release: Advance Set Review Status(Disable	d)

Step 2

On the Adaptive Release: Advanced page, click the Create Rule button [3] on the Action Bar.

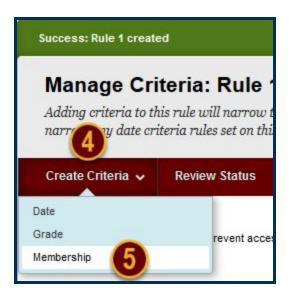

Step 3

On the Add Rule page, click the *Submit* button. Optionally, use the Rule Name field to name this Adaptive Release Criteria.

Step 4

On the Manage Criteria page, hover over *Create Criteria* [4] on the Action Bar, and then select "Membership" [5].

Submit

Step 8

You can also create Adaptive Release Rules for groups from the Course Groups section.

COURSE GROUPS	
Items to Select	Selected Items
Global Warming 1 Global Warming 2 Global Warming 3 Global Warming 4	
Invert Selection Select All	Invert Selection Select All

The Items to Select area will list each Course Group you have created for your course. Click on a group and use the right-facing arrow to move that group to the Selected Items area.

If you make a mistake, you can click on a group in the Selected Items area and use the left-facing arrow to remove the group from the list.

Step 9

Click the Submit button.

Note

To edit, delete, or copy an Adaptive Release Rule, repeat this process starting with <u>Step 2</u>.
