President Mahony and Debra Boyd, *provost and vice president, Academic Affairs*, with the spring 2019 Welcome to Winthrop group of new staff.

Winthrop students, staff, and faculty who are members of NPHC organizations took part in the Letters Lunch program on February 13. It was a gathering and celebration of Winthrop students, staff, and faculty who are members of NPHC organizations. The purpose of the program was to provide an opportunity for networking and fellowship between NPHC students and Winthrop faculty/staff who are members.

Miranda Knight, *assistant dean of students, Student Affairs*, welcomed Sadie Blue to the family! Sadie is pictured here with her big sisters Kasey, Bayleigh, and Laney.

A staff member snapped this photo while walking around Winthrop Lake during a rare warm day in February!

Who Are We?

Central Receiving and Materials Services

The warehouse staff from Central Receiving and Materials Services work hard behind the scenes to make sure that departments all across campus have the supplies they need to do their jobs. From preparing supplies for our custodians and ground crew, to delivering packages and more, they help keep Winthrop running smoothly. Learn more about the individual members of the team below!

Carol Burns, *materials service manager (second from left)*, is responsible for supervising the materials services department, which includes receiving purchase orders in Banner, operating the forklift for shipping and receiving, and assisting with the delivery of freight and packages.

Tyler Berthelette, *lead supply specialist (right)*, receives and delivers materials for central receiving and serves as the lead worker for the materials service department. He stocks inbound supplies and prepares cleaning supply orders for pick up. He also operates the forklift for shipping and receiving.

Russ Cauthen, *supply specialist (left)*, receives, checks, stores, and delivers packages and freight. He also helps stock inbound supplies and prepares cleaning supply orders for pick up, and operates the forklift for shipping and receiving.

Charles Duncan, *supply clerk (second from right)*, is responsible for ordering warehouse and maintenance supplies, and assisting with off-loading and stocking supplies in the warehouse.

Staff Assembly

Jessica Martin

residential learning coordinator, Residence Life

Jessica has been working for the Department of Residence Life here at Winthrop for six years now. She is originally from Kansas, where most of her family still lives, but she recently got engaged to a local Carolinian! Some of her favorite hobbies are celebrating holidays, crafting, traveling, and eating good food.

Staff Assembly

The staff assembly serves as an advisory group that provides staff with a forum for communication and community and provides a voice in matters of importance and concern to staff. The group offers opportunities for staff to support one another, participate as a group in community outreach and engagement, and make recommendations to the university's president and the administration in support of staff needs and the university's mission.

Please e-mail staffassembly@winthrop.edu with any questions or suggestions you may have. If you would prefer the option of contacting the assembly anonymously, please complete the online staff feedback form via a non-Winthrop computer.
