As undergraduate research is labor and time intensive, participation in certain programs may be limited. Students interested in participating in formal research experiences are encouraged to take ownership of their own development as scholars, and to take advantage of all of the resources available to them.

If you are interested in getting involved in undergraduate research in political science, please contact Dr. Hye-Sung Kim (kimh@winthrop.edu) in 326 Bancroft Hall.

See <http://www.winthrop.edu/undergradresearch/> for more information about Undergraduate Research at Winthrop University.
