

Tillman ACCESSIBILITY Map

DISABLED ACCESS TO TILLMAN HALL

Welcome to Tillman Hall! If you are a visitor and disabled, please note the following:

Parking – There is limited disabled parking around Tillman Hall. However, the spaces marked in green directly in front of the building are designated for visitors and should be used if no disabled spaces are available.

Access – If you are facing Tillman Hall, the disabled access is on the right side of the building. Follow the sidewalk toward the breezeway, turn left and follow the ramp to the accessible, automatic door noted below.

Elevator – Follow the path indicated by dotted line from the disabled entrance to the elevator. The elevator will take you to the upper three floors of Tillman Hall. See the list of the offices on each floor in the column to the immediate right.

Auditorium – Many of our visitors attend events in Tillman Auditorium. The auditorium is on the second floor. Once you exit the elevator, follow the dotted line path shown on the far right to reach the auditorium.

Restrooms – There are accessible restrooms on each of the three upper floors of Tillman Hall near the elevator. Our visitors find these are the easiest to locate and use.

Questions? If you have questions or suggestions to improve our access to Tillman Hall, please contact:
